

Cleansing Prior to Lash App

Steps

- REFER TO VDO CONTENT IN CLASS PRIOR TO STARTING
- o Prepare Tools
- o Prepare workstation
- o Wash and Sanitize hands
- o Lay client down and wrap client head with head wrap + cover shoulders
- o Cotton with water to rinse eyes
- o Use dropper to rinse left side then right side with water only first
- o Ensure water does not drip in clients ear with cotton on side
- o this can be done by tilting clients head to the side on the working eye
- o Rinse twice with water
- o Apply Lash Shampoo on one side
- o Brush area down with soft bristle brush
- o Drop water and rinse one side
- o Repeat on the other side
- o Rinse area with water droplet and hold to contain water with cotton pad
- o Ensure your rinse twice so no lash shampoo residue remains
- o Use lash Fan to dry area
